AUTUMN 2023

GAINING EVER, FAILING NEVER

## BOARD OF TRUSTEES CHAIRMAN'S MESSAGE

It has been a long time since a GRIP was produced and this edition comes at a time when  $\Gamma\Delta\Psi$  needs to enlist the help of every Brother.

The Board of Trustees has been dormant for a number of years, mostly due to the fact when meetings were scheduled, even on days that members were supposed to be available, only 2 or 3 would show up to the meeting. We have recently added 3 new members which brings new blood to the BOT. Those new members are Bill Schmitt, Jerry Gill and Johnnie Smith. They have already pitched in and are making positive strides for the Fraternity. One of those endeavours includes the Fraternity's 145th Anniversary on April 13, 2024. Plans are being made to hold celebrations in Virginia in April and in the greater Toronto area in October. Some details will follow in this edition. I hope that everyone can make it to one or both celebrations.

The question is raised often as to why there are no active Chapters of the Fraternity! We no longer have the same culture and values that we had in the '60s and '70s when  $\Gamma\Delta\Psi$  was thriving and everyone wanted to become a member. The high school age kid of today no longer knows how to sit in a room with others his age and know how to have a discussion with the others. Feelings are easily hurt if there is a disagreement on

the way they want a particular item to go, unlike how we use to discuss things and allow the majority to rule. While we were not formally recognized by the administration of the school, we were tolerated and often asked to provide manpower to benefit the school. Now, the school administrations are of the view that any organization operating within their schools, needs to be controlled by the school, must be co-ed and they get the rights to who can or cannot be members.

We must develop a plan that appeals to the young men of today and fits their lifestyle. What is that? I do not rightly know, but I do believe that as a group we can conquer this obstacle and move the Fraternity into the future. The question that you, as a Brother, must ask yourself, what have I done lately to help bring new Chapters to  $\Gamma\Delta\Psi$ ? What I mean by this, even as old as we are, there must be young men that we know in the neighborhood, grandsons, nephews, friend's sons and the like that we may bring together to secure a group that would be interested in forming a Crescent Club.

A whole generation, perhaps two have been born and have grown up since we have had active Chapters. We all had high hopes for the re-birth of Beta Alpha in Hopewell, VA. Failure came to them when they didn't ensure that they

did not leave the Chapter in hands that would make certain new blood brought to the Chapter to make sure the life of the Chapter would extend far into the future. I have repeatedly ask the members of  $\Gamma\Delta\Psi$  to talk to the guys they know still in high school and try to spark their interest in Fraternity while they are still there. This has fallen on deaf ears, at least as far as I know, and nothing has materialized from the effort or lack there of. The guys that fill the ranks of  $\Gamma\Delta\Psi$  should relate better to those young men, still in high school, better than most of us can, due to the fact they are closer to the young men's generation than we are. I am of the age now, where I am as old as the grandfather and sometimes the great grandfather of these young men. So the task before us is to develop a plan to get these young men interested in the Fraternity and ensure that the future of the Fraternity will survive.

Should you have any ideas on how to do this, I welcome your input and help. After all you have invested in  $\Gamma\Delta\Psi$  you should have an interest in seeing it survive into the future. Also, if you have any ideas or interest in helping the BOT with any of its endeavors feel free to let us know.

## EXPANSION EFFORTS

For those who don't know me I'm Johnnie Smith. I was inducted into Beta Psi chapter of  $\Gamma\Delta\Psi$  in December of 1967 and Rho Alpha of  $\Gamma\Psi$  several years ago.

I don't understand why  $\Gamma\Psi$  Brothers aren't introducing  $\Gamma\Delta\Psi$  to their brothers that are in high school, or their nephews, cousins or friends that are still in high school. If  $\Gamma\Psi$  would get off your rear ends and promote  $\Gamma\Delta\Psi$  to them, we would have a never ending group of young Brothers to reinforce  $\Gamma\Psi$  chapters and

create new chapters of  $\Gamma\Psi$ .

$\Gamma\Delta\Psi$  does not have to be recognized by their high schools. We ( $\Gamma\Delta\Psi/\Gamma\Psi$ ) are at a crossroads of moving forward or just giving up.  $\Gamma\Psi$ ,  $\Gamma\Delta\Psi$  and alumni of both lets give it our best to not let  $\Gamma\Delta\Psi$  die.

Now some good news. I have been in touch with a old friend Jewel Powers whose grandson is at Clements Junior High School (8th grade) and has interest in forming a chapter. In the next couple of months I will be working with him and Jewell in trying

to make it happen. I may be calling on you Brothers for help, that includes younger  $\Gamma\Psi$  Brothers. I truly believe we Brothers can make it happen. I hope to have good news on one more crescent club in the near future.

## GAMMA DELTA PSI'S 145TH ANNIVERSARY APRIL 13, 2024 VIRGINIA CELEBRATION APRIL 12-14, 2024

The Board of Trustees have secured a discounted block of 10 rooms at the Springhill Suites, 12301 Redwater Creek Rd, Chester, VA 23831 for \$179 per night (includes taxes).

Plans for the weekend include a Friday night get together at the Barn at Richard Bland with beer and snacks, 2nd Saturday breakfast at Golden Corral in Colonial Heights

and then a banquet dinner at a yet to be determined restaurant.

Please, let us know if you'll be attending the Barn or the Saturday night dinner as we'll need to have a head count.

Brothers Butch Berberich and Randy Picardat will be assisting me with the arrangements.

If you'd like to help or have

## ONTARIO CELEBRATION OCTOBER 4-6, 2024

Brothers all! Here's where we are at with the Northern 145th Anniversary gathering.

We are looking for a Taproom similar to the one we held the 140th event at.

We will celebrate Oktoberfest with Hotel accommodations nearby. We are targeting the weekend of October 4-6, 2024. More details to follow.

If anyone has any suggestions, please contact me.

## FUTURE ALUMNI EVENTS

I joined the Board of Trustees because I wanted to encourage more Alumni Events. Here are a few ideas that we discussed in New Haven and since:

**Baseball Weekend - ΓΔΨ** alumni go to a Richmond Flying Squirrels game and include a nice dinner for the wives.

**Pittsburgh Weekend - A** historical trip to see the home and grave of Alexander Jay Wurts. Possibly catch a Steelers or Penguins game.

**Niagara Casino / Winery Trip - A** trip to Niagara Falls to see the Falls, do a wine tasting and visit the casino.

**Toronto City Weekend -**

A trip to Canada's largest city.

If you have any other trip ideas you'd like to see planned, get a hold of me.

## TAFT MONUMENT COMMITTEE REPORT

On April 14, 2023 over 20 Brothers from  $\Gamma\Delta\Psi$  and  $\Gamma\Psi$  Fraternities traveled to New Haven, CT to celebrate the 143rd anniversary of its founding in the city of its birth. It was a wonderful weekend of fellowship and brotherhood with many memories of our younger days in the fraternity was shared.

Kevin Stockdale and I arrived a day early to get the lay of the land so when the rest of the Brothers arrived we could make the best use of our limited time in New Haven. After locating and scrubbing many years of nature from the headstones of some of our founding Brother in the cemetery, we made our way to the museum.

Right across the street from the museum was the Taft Mansion, the boyhood home of Alexander Jay Wurts. The home now serves as offices for Ivy Labs Education, an organization assisting high school students enroll in the Ivy League Universities. Prior to the weekend several attempts were made to speak with someone at Ivy Labs but with no luck. Kevin and I stood at the front gate and said “What the heck” and knocked on the front door.

To our surprise Dr Bin Qian answered the door and invited us in. Once inside we explained to Dr Qian our connection to the home. Dr Qian gave Kevin and I a tour of the home and invited us to return on Saturday with the rest of the Brothers. Saturday was Dr Qian’s day off but he was more than happy to meet us and tour the home.

During our conversation Dr Qian told us he had been contacted earlier by a fraternity seeking permission to have a sign of their connection to the home placed in the front yard. This was approved by the owner but Dr Qian has not heard back from that fraternity. We have some suspicions of who that fraternity may have been, but we are unable to confirm who they may have been.

Dr Qian extended the same offer to us and walked us down the street to a sign acknowledging the New Haven Lawn Club as an example of what they would accept. Dr Qian used the term “elegant” when talking about the sign

All the Brothers at the visit were excited about this opportunity. I contacted the Lawn Club but they did not have any information about who designed or made the sign. I contacted the Worshipful Master at the Masonic Lodge a few blocks from the mansion for suggestions of who may be able to help us with the sign there in New Haven. No luck there either.

So, now it is up to us. I’m sure we have the talent and connections within our Fraternity to design and locate a company to build the sign for us. Dr Qian’s offer still stands. We just need to submit the plans for approval.

Let’s get to work on this opportunity to celebrate our fraternity. Once we get the design and cost estimate we will need to do fundraising to cover the costs. A photo of the Lawn Club sign is on the left.

## LETTERS TO THE GRIP

### SPARKY IS OK

Dear Grip,

A note to thank everyone for their inquires and well wishes during my recent accident and recovery. On May 15 I took a tumble while riding my ATV with friends in West Virginia. WV has ATV trails called the Hatfield McCoy System which contains about 700 miles of awesome trails through the hills. I slipped off a downhill bend and rolled clockwise downhill. My 2 friends who are firefighters searched and found me and triaged me and called an ambulance. I was taken to Princeton Community Hospital where X-rays showed 4 fractured ribs. I also had a nasty cut on my right hand. After some treatment I was escalated that evening to a level 2 trauma hospital in Roanoke, VA for further treatment. I spent 3 days in ICU there.

Word got out through emails and Grand Brother Kevin Stockdale and his wife, Lynn, offered to help. Kevin picked me up from the hospital and drove me about an hour north to their home for 2 nights. Lynn (who is a nurse) sorted out my multiple prescriptions and organized their administration. Their 2 dogs provide ongoing comfort including middle of the night visits, LOL.

My girlfriend, Cynthia, drove down with our friend Jane on May 19 and stayed at the Stockdales, too. On the evening of May 19, I was delighted to have a visit from Bro. Gary Levinson whom I had not seen for a very long time. We drove back to Canada the next day.

A couple of days later in Oakville, I began fainting and was diagnosed with a pulmonary embolism (blood clot) in my lungs. One had formed in my left leg from the tumble or from laying in bed in ICU. I spent a few days in Oakville hospital and was treated with blood thinners for 5 months. Today I have been dismissed by the specialists. I still have a bit more rib healing.

I am grateful to the Stockdales for their

hospitality and to Bro. Levinson for the visit. My biggest regret besides the accident was missing the St. Catharines Collegiate reunion on May 20, where I was hoping to see many Beta Xi Brothers. On a separate note, I retired in July and hope to spend more time around St. Catharines.

## LETTERS TO THE GRIP

### A LIFETIME OF VOLUNTEERING

Dear Grip,

Way back in December of 1966 ten of us were the first “Goats” to be inducted into Gamma Delta Psi, Gamma Alpha chapter. My 17 year old self couldn’t wait to hook up with and be pals with a cool bunch of guys, drink copious amounts of alcohol and chase after chicks, while wearing our cool fraternity jackets! Boy, did I have a lot to learn about fraternity life and also about myself.

I began to learn about something called volunteering. Putting all the above mentioned nonsense aside, I learned that Gamma Alpha was interested in helping improve the community and making it a better place. This was a poser for me. As a typical teen, I thought that life was all about me and making sure that I had a good time. One thing that started immediately after we were inducted, was developing services for teens. There wasn’t much going on in Rexdale so the Brothers partnered with a sorority and the YMCA, to open a coffee house, the Y-Knot Café, in the basement of the old school house on Albion Rd. It ran every Friday night with mostly folk music, some comedians, coffee, cider and snacks. The Y-Knot became a destination point for young folks in Rexdale.

So we didn’t just drink, chase after young women and have meetings, we actually ran a small business (the Y-Knot) for most of 3 years. It was a real team-building exercise and most of the brothers were there doing whatever was necessary from guiding Pete Seegar around, to making coffee, or putting out the garbage. In the bargain, we ran a terrific service that provided fun, music and something to do for 100s of teens. We could see the difference we were making. Started to dawn on me that maybe there might be things that are more important than my well-being.

Sometimes community service could be fun and useful all at the same time. Just for a lark, in late 1967, we decided to set a British Commonwealth Record. What record you ask? Well, it was for teeter tottering. The previous record was 27 hours and we beat the record, by going up and down continuously 36 hours. We did it at the old YMCA building on Albion Rd. across from Thistleton Plaza. We made it on to CHUM radio, raised some money for charity and had a ball.

It’s important to know when to let go and in late 1968, I retired from Gamma Alpha, at the lofty age of 19.

My path led me to Humber College and the social work program. I graduated in 1972 and started a job with the Toronto Children’s Aid Society as a caseworker. We worked with troubled kids and families and tried to help families stay together, if we could. One of the challenges I came across, was finding Big Brothers for the many kids that were being raised in one parent families. I contacted Big Brothers of Toronto and there was an 18 month waiting list. That’s when I had a brainstorm. What if I contacted the Brothers of Gamma Alpha to see if they’d work with me and become informal big brothers for the kids on our caseloads? The President, at that time was Terry Gallagher. Other active brothers included: Bill Griffiths, Stuart Kidd, Sandy Ross and Bob Wolfenden. My pitch to the Brothers was, would they be prepared to come out with me on Saturdays and spend 3 hours doing an informal big brothers program with these kids. The brothers conferred in private and called me back into the meeting. They agreed to give it a try on one condition. Would I help them compete for the Gamma Delta Psi Variety Village Civics Award at the next Delt convention.

And so it began, most Saturdays, the Brothers and I took these kids to places like the Ontario Science Centre, Ontario Place and less formal events: hikes, BBQs, and baseball, or touch football games. The commitment of the Brothers was outstanding. These kids were wrestling with lots of challenges

**VOLUNTEERING (CONTINUED)**

and the Gamma Alpha Brothers treated them like Gold! It went on for 2 years! Later on Big Brothers of Toronto increased their number of volunteers and we ended our program after we were sure that all of these kids had a big brother. I can't say enough about the kindness and caring that Terry and all the Delts gave to those kids. I was proud to be a Delt and it was my most treasured memory as a member of the fraternity. I wrote a letter to the Gamma Delta Psi President, detailing what the Gamma Alpha brothers had done for those kids and nominated them for the Variety Village Civics Award. I was also at the convention, since I'd been tipped off that they had won.

Some folks have asked me over the years, what was it that I got out of Gamma Alpha. Well, for starters, being a brother changed me from a self entitled, miscreant, to someone who grew up to work in community services and make a difference. When I applied to social work school, my only previous experience was the volunteer work that I did with Gamma Alpha. I worked in community services for 43 years and those lessons have stayed with me throughout my life. Volunteering has even followed me into retirement. Both my wife and I drive kids in foster care to visits with their families in hope that broken families can be put back together.

### GEORGE MOULTHROP.

George Moulthrop of Butte said: "I say leave the legislature out of consideration altogether. If the people pride themselves and glory in the achievements of this great commonwealth they will certainly come forward with money and lots of it. Make the fund \$75,000 or \$100,000; tell the people that Montana must be foremost with a big display of her resources; make way for a large space and let us go to St. Louis with a creditable showing. Above all other western states Montana should be conspicuous in the galaxy of stars that go to glisten on the fair grounds of Missouri. I am not at all in favor of asking the legislature to do anything in this matter. Those who cannot afford to give a dollar cannot afford to bear increased taxation; those who can give liberally should do so, and I think they will. The corporations doing business in the state and making more money than any other corporations in any other state with an equal amount of capital invested are the ones to see to it that Montana is shown up in the proper light at the fair."

## EDITOR'S MESSAGE

Brothers,

Firstly, let me thank all the contributors to this edition of the Grip. Without the help of the other Trustees, Jim Gogan, Dorsey Howard, Dave Bartlett, Harry Oswin and Gerry "Sparky" Thompson this would not have come together.

At our last quarterly BOT meeting on October 16, we decided to start publishing the Grip once again. Four editions per year if there is enough content. I volunteered to take on the task, silly me! After a few days I realized I am not 1/10th the Editor that Mike Kuch is so I put out a request for content.

Our Winter edition deadline will be around January 15, 2024. I'd like to ask all of you for content for that edition. I'll be looking for Letters to the Grip, feedback on what you read in this edition, photos from Alumni gatherings, Alumni notes, Nirvana Chapter listings and anything else you care to share with the Crescent.

The BOT is also looking for help with a few tasks such as fundraising, the 145th celebrations, future Alumni events and the Taft Monument Committee. If you can, please volunteer to serve on a committee. Many hands make light work so please contribute to Gamma Delta Psi in whatever way you can.

In bonds...
