A MESSAGE TO THE 1941 GRADUATES

I wish to direct my remarks to those venerable old (?) gentlemen who have just finished their courses of study at their local schools. As you look back over the past years, surely without your associations in Gamma Delta Psi, School as a whole, would have been far less enjoyable and your lives would have been very much less enjoyable. I wonder if you fully realize what your brothers will mean to you in the years to follow. It has been my experience during the thirty years following my graduation the friendships I made while in High School and as an active member of our fraternity have meant more to me than all the friends I have met since. Keep these boyhood friendships. Keep in touch with your contemporaries in the years to come. Now that your active status has been concluded and you have joined that ever-increasing army of alumni I hope you will always keep up your interest in the welfare of your chapter and offer your assistance when the younger members need a helping hand. I desire to extend my congratulations to you and to wish you continued success and happiness in whatever line of endeavor you have chosen to follow.

BRO. E. J. STEWART,
Retiring Nat. Pres.

NATIONAL SECRETARY'S REPORT

Dear Brothers—

Here it is convention time again! It has been a very hard year for many Gamma Delts as well as the chapters themselves, on the other hand many have gone upward and have gained a great deal. Have you?

I regret to say that this is my last year as an active member of Nu Chapter of our great fraternity. I feel as though I were losing my very best friend. But I am not going to let that stop me from helping Nu Chapter as long as I am able. I have been fortunate to have had five glorious years as an active and I believe that I have done everything in my power that I could for the benefit of Nu and every chapter in the crescent. Let me impress you undergraduate brothers that you too can have this same feeling. You CAN get a great deal out of Gamma Delta Psi if you want to put something into it. It is too bad that so many brothers can't realize that, and sit back and do nothing

but follow the mob or just let the other fellow do all the work.

This issue will no doubt be late in coming to you. Why? some may ask. Just because a few lazy brothers wouldn't sit down and do even a half hours work for Gamma Delta Psi. I was in hopes of having this last issue (my last issue) the finest of the seven issues that I have put out in the last two years. But as I have said, too many of you fellows have let me down, and thus I will have to leave for the convention while the proof copy for this issue is still at the printers. You also will lose out because the Garnet and Silver this month will not be proof read due to your laziness and most likely will contain several mistakes. So much for your call down!!!

I also want to impress upon you at this time the necessity of your obtaining new chapters. This, Gamma Delts, is a very serious problem that is confronting us at the present time. Every year we lose about two chapters. If this rate keeps up where are we going to be in a couple of years? It is very easy to say you will go out and get new ones, as we all did say at the last convention, but who has?? To date I do not know of one brother that has uncovered any leads for prospective chapters, with exception of myself. I found one way up in Rochester, New York and placed it in the able hands of Wally Mimnaugh of Alpha Eta. I am in hopes that I will be able to visit this Rochester group on route to the convention and submit a report to you at Grand Rapids. The other was just recently found in Oswego, New York. I am also in hopes of presenting to you a complete report on this group which, I believe, so far, are an ideal group and just what Gamma needs. Still I say what are YOU going to do about it?

At this time I want to extend my appreciation to all of those Gamma men that have tried to help me help Gamma to be "Gaining ever, Failing Never." I have enjoyed over and over again publishing your Garnet and Silvers for these past two years, and hope that they have lived up to your expectations.

I am not going to accept the secretary's office for another year as I feel that many other brothers would like a change of hands and location of the board. That DOES NOT mean that I will drop out of the picture and that I do not expect to hear from you in the future. I will always work for the benefit of Gamma, and be ready, willing, and able to assist you in any time of trouble or need. I will be at the service of Gamma any time that she needs me, through thick or through thin. With these words I will close this already, too lengthy editorial now.

Always a loyal brother,

GEO. D. ("Bud") SMITH, JR.,
*National Secretary and Editor of
THE GARNET AND SILVER*

WE NEED— NATIONAL COMMITTEES

Convention, although traditionally dated toward the close of the school year, is something more than the "last gasp" of activity. It is the fraternal New Year's—the occasion for celebrating triumphs of the past and the moment for hatching new plots for the future.

Into the Convention Crescent come the ablest active Gamma Delts of every chapter. They join with new friends in business and pleasure. But do their duties stop there?

Certainly, they do not!

Here is timber for future national board personnel. Here are potential district deputies. Here are up-and-coming young men who can act decisively and spiritedly in national capacities.

Among them is timber for national committees. And, incidentally, why shouldn't we have national committees? Why not committees for new chapter organization, committees for fraternity historical studies, committees for efficient record keeping?

Almost every one of our every-day chapter activities could be furthered with the aid of a national committee, equipped with the best available fraternal data on all functions.

Tremendous energy reposes idly within our so-called active rolls. Unleashed, then guided, this energy can accomplish numberless tasks that would make our national order all the more worth while.

The time has come when more must take a hand in national affairs. It is not alone for the President, the Vice-President and the Secretary to busy themselves. There is a job for almost everyone.

Let the new National President draft the talent destined to encircle him in the Convention Crescent for committee duty.

Make activity ring throughout the new fraternal year. Let our band march on—even as the "flowing waters" of which we sing.

BOB WILLIAMS,
National Vice-President.

FRATERNITY HISTORY LAGS BEHIND FRATERNITY

The above heading, a poor pun, is nonetheless a naked truth. The most up-to-date chapter membership report in the possession of the National Vice-President extends only to the year 1936.

Gamma Delta Psi owes to its fraternal forbears the responsibility of preserving and maintaining the priceless records handed down from the past. This is particularly true of records which pertain to the very vital statistics of those who have gone before.

And, it is important that our names are mentioned in the roll of the living Gamma Delts.

Do not wait for your newly elected National Vice-President to ask you for action. Act now to bring your records up to date. Help him now by forwarding them in clearly written detail as soon after convention as possible.

An even better plan would be to bring your completed records directly to convention and put them directly into the hands of the man whom you next elect to safeguard them.

BOB WILLIAMS,
National Vice-President.

MAKING OUR FRATERNITY STRONG

The government's selective service in time will draw a number of Gamma Delta Psi men into training for our country's defense. It is, in a direct way, going to affect our fraternity. We must prepare as well as the government. We must prepare for that day when we will no longer be able to attend fraternity meetings, support the dances, banquets, and parties. We must prepare for the day that we no longer are able to render our service and advice to our brothers. How can this be done to render the most effective results? First we must build up our chapters with loyal, self-denying brothers. We must enforce the Constitution and Chapter By-Laws to the "T." Teach the new brothers to respect our great fraternity and its Constitution that they are so fortunate to become members of. Teach them the fraternity's traditions, ideals, and customs. Once we have a large number of brothers all down deep in their heart ready to fight for Gamma Delta Psi, we can start new chapters. Take the cities nearest your respective Chapter and start a new chapter.

Back in the days of 1917 Gamma's majority of chapters were in military schools. The war came, off the boys went to fight for Uncle Sam. The result fifteen of our chapters were dissolved. The boys never came back to once more see the Garnet and Silver banner wave in the breeze. Fifteen chapters was Gamma Delta Psi's contribution toward democracy. Although it is something, we, who

carry the colors, now can be proud of, we must not lose any more chapters. Gamma Delta Psi survived the World War and will survive all the future wars if the brothers prepare their chapters for whatever may happen.

Making our own chapters stronger and more respected, widening the scope of the Crescent, more inter-chapter correspondence and larger convention representation from the chapters, will make our fraternity so strong that even if some of our brothers serve Uncle Sam there will be many good, loyal brothers who will carry on the battle of seeing that Gamma may falter but must never fail. These young brothers will be trained as if they had been in the fraternity years, and when things are back to normal each brother can come back and find his chapter a little dusty but with a little polishing up it will be just like new again. Those who have gone before us, that from time to time we honor, let us give a toast to, now, "Here's to Gamma Delta Psi, may she never, never die." Each one doing his part to see that this pledge or toast be kept.

EDWARD MILLER, *President.*

Alpha Iota Chapter

EDITORIAL

Dear Brothers—

Well, Brothers, another year has nearly rolled around bringing to a close the fiscal year 1940-1941. How much did we accomplish this year? Can we look back and say "We certainly showed 'em this year didn't we?" Or are we looking back and saying, monotonously, "Another year has rolled around, so what?" This is the challenge I give you. I sincerely hope we can all report favorably at the convention.

Performing my duties as District Deputy to District Four, which includes Alpha Iota, Sigma, and Alpha Eta, I have tried to make the most out of my job. I think I would rather leave the chapter's respective delegates give you their approval or disapproval.

One thing that has troubled me most, however, is the way some chapters conduct their meetings. I believe I fully covered this in the special bulletin I put out on May 12th, and it is my earnest desire to see chapter presidents make changes for the better in conducting their meetings.

Another thing I sincerely hope all chapters have kept their word on, is the introduction of new chapter petitioning

clubs. Whether you realize it or not, Gamma Delta Psi is getting smaller and smaller each year. Eta dropped out this year. Alpha Omicron is still suspended, and Alpha Zeta is inactive. What is to be done about all this? Are we going to sit back and let things come as they may, or are we going to get in new chapters, and start up old and inactive and defunct ones. Altogether now, we have 28 inactive chapters. That leaves us only a meager 10 active chapters. I suppose you are all proud of this situation?

We should all send our heartiest congratulations to Brother George D. Smith, Jr., National Secretary, and his closer associates.

At one time I attempted to get an itemized account of chapter indebtedness from the National Board of Control. I am willing to bet you my last shirt that the chapters of Gamma Delta Psi owe the National Board hundreds of dollars. Is this anyway to support your National Organization? How can you expect the National Board to support you and back your conventions when this situation exists? Why do you let your bills run up? Of course you kick when you have to pay forty or fifty or sixty dollars to the National Board at one crack, but whose fault is it? If you would only pay your National dues when they come due this piling up business would not exist.

All in all though, Gamma Delta Psi is a pretty darn swell business. Where else in the whole wide world can we get the association and the true brotherhood that we know to exist in Gamma Delta Psi.

What other organization in the whole wide world has the traditions that Gamma has? And what other organization in the whole wide world gives us the right to assemble, act, co-operate, and make of ourselves, superior human beings?

I am looking forward to seeing you all at the convention, maybe Alpha Eta will have a surprise for you in connection with Rochester, New York.

Fraternally yours,

BRO. WALTER E. MIMNAUGH,
District Deputy, District Four.

ALPHA CHAPTER

New Haven, Conn.

The Alpha Chapter held a house party last spring vacation. It was held at Pine Orchard in the home of Bro. Charles Smith. All the fraternity was there and even some of the alumni. A swell time was had by all, thanks to Mr. and Mrs. Charles Smith who let us use their house.

In Hillhouse High School the Alpha Chapter was second in the fraternity scholastic standing.

The last two members which we took in were Robert O'Toole, formerly of Newton, Mass. and Charles Smith. They are two swell fellows and will be a credit to Gamma Delta Psi.

The new officers of the Alpha Chapter for the coming year are:

President — Bro. Jack Kennedy
 Vice President — Bro. Bob Keefe
 Secretary — Bro. Charles Smith
 Treasurer — Bro. Jim Fitzgerald
 Cor. Secretary — Bro. Bud O'Toole

ZETA CHAPTER

Washington, D. C.

First of all we are sorry that we didn't send in any news for the last issue of the Garnet and Silver. We just got a little lazy.

We gave a closed party on the 30th of May at the home of Bro. McDonald. Everyone had a swell time. A couple of potential jitterbugs were Bro. O'Neil and Bro. O'Hara.

We took in two new brothers a couple of meetings ago. They are Bro. Steve McCarthy and Bro. Joe Galliot, a couple of swell guys, who are going to be an asset to Gamma Delta Psi.

Three of our active brothers are preparing to graduate from Western High School. Bro. O'Neil is going to join Bro. McDonald at Georgetown University. Bro. O'Neil plans to play football at G. U. Bro. O'Hara is going to take a post-graduate course at Western. He is preparing for Georgetown U. and later the Coast Guard Academy. Bro. Petty is going job hunting after he graduates. Bro. Moffatt, who graduated in February, is going to Maryland University. Incidentally Bro. Moffatt is in the hospital with appendicitis.

Bros. O'Neil and McDonald are preparing to go to work as laborers this summer, not that they need the exercise or anything. Bro. Moffatt will continue working in a local department store. Bro.

McCarthy is going to work as a soda-jerker. The rest will loaf.

WE are making plans to go to Sea Isle, N. J. over the Fourth of July.

We read in the last Garnet and Silver that some brothers seem to think that we don't need the National Board of Control. We just want to say that if there was no National Board, there would be no Gamma Delta Psi — at least a Gamma Delta Psi as it is today.

Congratulations to Walt Mimnaugh for doing the great piece of work that he did to bring unity in the order of our meetings and I hope that our assistance will be a great help to him in achieving his aim.

We were sorry to hear about the trouble up in Nu Chapter and sincerely hope that it will be settled soon.

Did any of you see Lana Turner in the "Ziegfeld Girl?" Boy wasn't she sharp?

We have been looking over the program for the coming convention. Now we are sure we're coming. We'll see you all in Grand Rapids.

DELTA CHAPTER

Grand Rapids, Michigan

CONVENTION NEWS

The convention headquarters for the Convention will be in the Rowe Hotel at the corner of Monroe and Michigan. The dates for the Convention are the 24th, 25th and 26th of June. All brothers other than delegates will be able to get good accommodations at the hotel. All Delegates will be taken care of at the homes of the active Brothers. There will be no registration fee if the Brothers stay at the hotel. We are requiring the Brothers to all stay at the hotel for the reason that we want to keep in touch with all the Brothers all the time. We are going to centralize all our activities at the hotel so as to have a better organized convention. The Brothers of Delta are looking forward to seeing you all in Grand Rapids for a lot of fun.

About the only thing that we have been doing besides working on the Convention (which is a job) was our annual "Hyland Fling" which was a dance that we had at the annual house parties. This dance turned out to be the most successful of the year.

We are holding our elections this week which will decide our officers for next year.

This is about all the news from Delta so we will leave you with this final word. "ON TO THE CONVENTION"

IOTA CHAPTER

Detroit and Grosse Pointe, Mich.

Here in Detroit we have been as busy as dogs working on our pledging, Mother and Son Luncheon, two or three dances, etc. The last of these named has consumed much of our time, for we had to really rush to prepare for our last dance, on which we made seventy dollars, and we are going to have to do the same for our next on the seventeenth of June, a formal dance given in co-operation with a sister sorority in the city. Usual spring rushing and pledging is still the same old whirl. Brothers flocking to and from parties and making great plans for last minute impressions on the candidates. Resolutions were sent in after much deliberation by a special committee of Brother Palms and Brother Day. Two of our brothers are, as of the first of June, still in the Michigan State tennis tournament as a doubles team. Another just pitched a no-hitter against our school's arch rivals, this was Brother Ward Penberthy.

Here is a fitting opportunity to let the brothers in on a secret that has long been in the hearts of true Gamma Delts. As Brother Williams has said in the last issue, we need a catalogue. Iota has been since last January, making up copy and getting letters printed to be sent to our Alumni which will ask for all information needed for our Brothers' biographies in the catalogue. Though we don't expect any results this year, as we had planned, I think that next fall will see an almost complete record of Iota's Brothers from beginning to end, and that the National Vice-President shall have one less chapter to work on in his campaign to publish a book containing a brief biography of all the Brothers in our National Crescent. Brother Dwight Macauley is in charge of this important committee. Due to reasons which are explained by the above activities our Garnet and Silver subscriptions committee hasn't been making a great deal of progress. This is under Brother Blasier, Brother Palms, and Brother McKee. The last two of whom will be on hand next year to carry on the work. The Convention certainly sounds inviting and we hope to see all the Brothers in conclave at Grand Rapids in the near future.

We of Iota have noted with concern the unfortunate conditions prevailing in Brookline, having to do with the withdrawal of members, etc., and wish to express our confidence in your weathering the storm and coming out on top again. Good Luck.

As this is the Convention issue, it would seem to me that there is no more fitting place to publicly confess our faults. It seems easy for a subordinate part of a mechanism to just apologize and let it go at that, but it isn't, for when we do we are admitting that our spirit isn't what it

used to be. But facing the facts squarely—it isn't . . . What this Fraternity needs is more chapter co-operation with the National Board! That is precisely what we haven't done, and Iota, for one, knows that it hasn't done its part. The usual idle promise is that it won't happen again, we won't make that . . . we're saying we will co-operate. We have organized two committees in the last four months which will be ever-present from now on—acting solely with and in co-operation with the National Board. Both of these are referred to above: The Biographies committee (to see that a running influx of biographies reaches the Board at every opportunity) and the Alumni subscriptions committee (to take some of the burden off the Board and have more alumni interest in the Brotherhood). Brother Stewart,—Brother Smith,—believe that we sincerely mean what we have just said.

P.S. The seventy dollars mentioned above went to the Michigan League for Crippled Children as it did last year.

NU CHAPTER

Brookline, Mass.

At the Class Day exercises held recently at Brookline High, Nu Chapter's retiring President, Brother Bud Smith was head cheer leader and Brother Blake Potter played in the band. Bud was also a first Lieutenant in the exercises.

Brother Bud Smith, who has been the guiding spirit of Nu's activities throughout his term of active membership, graduated last Thursday, June twelfth.

At our regular meeting, the last week in May, Plyn Williams was initiated as a Brother in due form. Several alumni, twelve to be exact, assisted in this impressive occasion.

The following officers were elected at our final meeting of the season:

Brother Blake Potter—President
 Brother Plyn Williams—Vice Pres.
 Brother Plyn William—Rec. Sec'y
 Brother Plyn Williams—Treasurer
 Brother Blake Potter — Cor. Sec'y

We are happy to say that four and possibly five members are attending the National Convention at Grand Rapids, Michigan.

Our activities in the social whirl have fallen this year but we have been spending more time on our chapter. Many alumni have attended our meetings and are behind us 100% — That's all for now — Congrats to Delta—our congenial hosts.

SIGMA CHAPTER

Buffalo, N. Y.

Sigma has lately been occupied with plans for the coming spring dance, which we are giving with a local sorority. Beyond this, nothing of much interest to the other chapters has been discussed.

At a recent meeting, a count was made of the number of brothers who are planning to go to the convention. The result was that almost all of Sigma Chapter will be represented. This is tangible evidence of Sigma's growing fraternal spirit. Our next aim is to pay our rather large bill, and we feel that before next fall has progressed very far, our books will be cleared. Through acts of this sort, we hope to convince our brothers that Sigma is definitely on the march.

ALPHA GAMMA CHAPTER

Glen Ridge, N. J.

Well, Brothers, it is just about the end of the school year. Some of us are graduating while the others have one or two more years. Those who are graduating will soon be looking back on the swell times they have had as active Gamma Deltas. Those who will be active next year are looking forward to continuing the good work of those who are leaving and carrying on the name of Gamma Delta Psi.

Alpha Gamma doesn't close shop when the doors of the schools close. School closes the 13th but Alpha Gamma will be heading for the shore the 14th. We'll spend one week living and having unforgettable times together. The Alumni will be there for a slight charge to cover expenses and such. As last year, there will again be a few sororities which will be very convenient for the Brothers. Any of the other Brothers from different chapters are welcome, so stop in if you are around that neighborhood. It's Lavellette, N. J.

Alpha Gamma had a very successful softball season this Spring. We played another fraternity and were behind for a few innings and then Bro. Riley and a few other Brothers started really to hit and we won fifteen to a measly four. We're sorry we haven't a travelling ball club or we'd come out and beat h—— out of all the chapters. (What did you say?)

At our last formal meeting of the year we made the final arrangements for the shore and elected the following officers to take their positions next fall:

Bro. Charles Riley — President
 Bro. Ray Perry — Vice President
 Bro. Pete Given — Treasurer
 Bro. Bill Gietz — Rec. Secretary
 Bro. Raymond Congdon — Cor. Sec.
 Bro. Jon Tuthill — Historian
 Bro. Harry B. Scott — Sports Mgr.

There are quite a number of Brothers graduating this year and although we have a number of pledges, their places will be hard to fill. Bro. Marshall Barrett, president and secretary this year a star at tennis and basketball, is attending Duke. Bro. John Given, president this year and a great athlete in football, basketball, and track, will attend Lehigh. Bro. Bill Godfrey, who did as fine a job as treasurer as he did at football and pole vaulting is planning to enter Rutgers. Bro. Bob Bettes, the vice president of Alpha Gamma is also entering Duke. Bro. Stan Loomis, a master of the tennis racket is going to go to prep school. Bro. Doug Gremmel who was the man who ran the quarter mile is attending Rutgers. You other Brothers who are attending any of the mentioned Colleges look them up —it's a good investment. Bro. Highley and Miller although they are not graduating are attending prep-school. Those two are unbeatable with a tennis racket in their hand.

Brother Charles Riley has been elected delegate to the National Convention and Bro. Ray Perry the alternate. They're looking forward to meeting all you swell Brothers, so look out, look out!

In closing, Alpha Gamma would like to give its sincere congratulations to the officers of the National Board and also many of the other Brothers who made this year as successful a year as it was. Keep it up!

On to the Convention!

ALPHA ETA CHAPTER

Niagara Falls, N. Y.

Hello, Brothers of Gamma Delta Psi. This is Alpha Eta trying to give you some more dope on what we are doing down here in dear old Niagara.

As predetermined Alpha Eta held its March elections. All honors go to Brother William (Billy or Bucky) Buchanan who was unanimously re-elected President of Alpha Eta. This is the first time Alpha Eta can ever remember this happening. Coming in triumphantly for second place was Brother Roy Olrogg, Vice President, and show money was copped by Brother Donald Crowell, Recording Secretary. Also rans were Bro. Fred Blue, Corresponding Secretary, Bro. Jack Vaughan, Treasurer, and Bro. Bob Olsen, Historian.

Alpha Eta held a Mother and Son Banquet, May 12, the day after Mother's Day. This was a howling success. We had Brother Lyndon H. Strough, Principal of Niagara Falls High School and Brother Irwin Ducette our Faculty advisor there as principal speakers. Brother George Rushton took charge of the introductions, etc. Mrs. Fred Coppins, Brother Trowell Coppins' Mother, acted as Hostess introducing the Mothers and presenting them with corsages.

This has been done other years in Alpha Eta Chapter and we find that in this way we can get the worried mothers' approval of the Fraternity. Especially for the younger brothers.

Alpha Eta plans to send a large delegation to the convention. Brother Mimnaugh, D.D., is going to drive out in the official Alpha Eta Car. His car, 1935 Ford 2 door sedan. Brother William Buchanan is going to represent Alpha Eta and Brother Donald Crowell is going to be his assistant.

At this time Alpha Eta wishes to extend to Delta Chapter all the good luck in the world and our deepest appreciation on their task as sponsors of the 1941 Convention. As proverbial, "ON TO DELTA!!!"

Good luck to everyone, see you at the convention.

ALPHA IOTA CHAPTER

Syracuse, N. Y.

Hello Delts everywhere! This is the Boys' from Syracuse reporting for action. In the heart of the Empire State comes the news we all like to hear. Alpha Iota has broken all records of dance attendance for a fraternity in Syracuse. The annual St. Patrick dance was held last March 17th at Syracuse's favorite country club, Drumlin's. Forty five minutes after the jitterbugs started cutting rugs and making Alligators crawl and stuff we had the rent of the hall and the orchestra, Eddie Williamson's famous Parisians, paid. We made a profit in the neighborhood of seventy-five dollars. It is the first time in three years that fraternity in Syracuse has done more than a little better than breaking even. We have something to be proud of, and the other fraternities were the first to acknowledge it. The spirit that was shown at the dance as well as before is something we won't forget. Our annual father and son banquet is to be held the first week of June, which promises to be our best.

Since we chatted with you before, we have been honored with visits from one of our National officers, Brother Bob Williams, National Vice President and Bro.

Wally Mimnaugh, District Deputy. Bro. Mimnaugh brought Bro. Bill Buchanan, President of Alpha Eta with him. All of these brothers attended a meeting. Bros. Mimnaugh and Buchanan came down about the last of April and Bro. Williams was here the second week in June. It has been a very eventful term for A. I.

We lost two of our boys to Uncle Sam for a while. Bros. Fred Ohland and Jack Collins active in '33 through '39 have been caught in the draft. Wy Blanding, active until '40, was on his way to some island off the coast of California to help the government build a Naval base. Somehow he got stranded between here and California and wired the Delt's to send him some dough. Dick Troendle and Don Carnahan are keeping the city lit. Don does a good job of keeping himself well lit too. They work for Niagara Hudson Power Corp. Jim (black jack) Eichler is bouncing from one drug store to another working at the soda fountain. Dick (Lightning) Demong is working triple over time for Liggett's so he can go to the Convention. Dick Speir wants to go to the Convention but he doesn't know where to leave his sweetheart if he takes her with him. He is still undecided if that is the thing to do. Maybe the gals aren't so bad in Grand Rapids, Dick. Our Vice President, Bud Walrath is going steady, copying Bud Smith of Nu. Brother Walrath's girl's favorite sport is necking but please don't quote me.

At our father and son banquet we plan to have Dr. Charles W. Hoffman a Gamma Delta Psi alumni as a speaker. He is the only doctor in central New York whose name is in "Who's Who." He has invented a machine that enables a doctor to tell at what pitch a deaf person is able to hear a sound. We plan to have Bro. Frank C. Love, State Commander of the American Legion, as toastmaster.

There are about ten of the boys from Syracuse planning on going to the Convention. We hope all the chapters have a good delegation. Brothers Ed Miller, President; Bud Walrath, Vice President; Dick Demong, Bud Slee, and Thomas Bolland, Treasurer, Corresponding Sec'y and Recording Sec'y respectively all plan to attend. Brother Charles Andrews, Alumni Association President, Dick Speir, Alumni Association Vice President and Bob Williams, National Vice President are all going to be on the band wagon to the Convention from Alpha Iota. There are quite a few other brothers both old time alumni and active that are going, which with the boys from Nu, Alpha Eta and Sigma all going out together will look like the Crusades.

Well boys, let's all talk up that Convention, make it the best yet. There is a possibility that Alpha Iota may be your host in 1942. We will be looking for you at Grand Rapids.

Jokes from Nu Chapter

Teacher: "Johnny, what's a Polygon?"

Johnny (after thinking): "A dead parrot."

Fulla: "Where's the meat on this menu?"

Bloney: "Right here, sir. Sirloin steak a la carte."

Fulla: "Good, wheel it right in."

Lady of the house — Have you given the goldfish any fresh water, Maisie?

Maisie — No, mum; they haven't finished the water I gave them yesterday. (Gruesome isn't it.)

Logic: The strongest men in the world come from out west, because they hold up trains out there.

"What did one tonsil say to the other tonsil?"

"This must be Capestrano, here comes another swallow."

Here is a riddle: (or two)

What goes down the chimney down, and up the chimney down, but won't go up the chimney up or down the chimney up?

What's open when it's closed and closed when it's open?

(Answer below.)

Store shopper: Have you frog's legs.

Grocer; No, it's only my rheumatism that makes me walk that way.

Answers to riddles—

An umbrella!

A drawbridge!

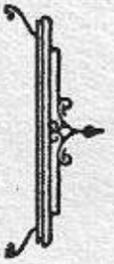

INDIVIDUALIZED SERVICE

TO EVERY CHAPTER OF GAMMA DELTA PSI

There is a BALFOUR man within telephone or easy motoring distance of your Chapter.

Consult this tabulation:

Chapter	Balfour Representative	Address
Alpha*	Ralph Stambaugh,	234 Boylston Street, BOSTON
